

Hair: Some thing that looks more relaxed, I'm thinking a messy bun either high or low.

Outfit: Something with pop in the colors. Colors in the outfit should be red, yellow, blue and white. I like high waisted blue denim pants, crop top and a jacket. It should be relaxed and street.

Subtle make up, I prefer the make up on the middle example. So toned down eye shadow and strong red lips.

Shoes: Here's were the white comes In I'm thinking white low vans, slip ons or not.

And/Or low-cut rain boots. Little depending on the location as well.
